SPEAKERS:

Salia Bosterieva | Senior, Pre Construction Project Manager, First Gulf

Salia is a construction and design specialist with an architectural background and 10+ years of experience in project management, design development, procurement and construction management of mixed-use, residential, educational and commercial facilities internationally. Throughout her career, she has gained extensive experience and developed a holistic skillset working with local and international developers, consultants, trades and key stakeholders in the UK, Europe, Japan, Canada and Central Asia.

Salia has played an integral role in implementing the design and upcoming construction of all gender washrooms for EQ Bank at EQ Bank Tower located at 25 Ontario, Toronto.

Currently employed as a Senior Pre-Construction Project Manager at an award-winning development company First Gulf Corporation, Salia manages multiple complex projects from the initial design development stage through pre-construction and construction, working closely with consultants, trades and multiple tenants across various projects.

Beverly Horii | Beverly Horii, OAA, ARIDO, LEED AP, AAA, IA Interior Architects Inc.
IA INTERIOR ARCHITECTS INC.

Beverly Horii manages IA Interior Architects' Toronto office, leading the effort to expand the firm's presence in Canada, allowing the firm to better serve new and existing clients. Her 31 years of design leadership, commitment to client service, and focus on client relationships span a range of project types, including technology, civic organizations, educational, corporate, retail, and financial institutions. She also promotes a focus on the areas of sustainability and DEI within the client portfolio.

Beverly has a Bachelor of Architecture and a Bachelor of Environmental Studies from University of Waterloo. Beverly has directed workplace strategy, design, and change management services for corporations nationally, including those for Scotiabank, CIBC, Autodesk, and Torys. She has also studied and practices Feng Shui to augment the application of wellness in the workplace.

Megan Nicoletti | Partner, CodeNext Inc.

Megan has been in the industry for over 15 years and is responsible for the preparation of Building Code and Fire Code assessments for architects, engineers, designers, developers and building owners. She is proficient in all scales of commercial, residential, infrastructure and public sector projects, both in Canada and internationally. In addition, Megan is experienced in the development of fire engineering equivalencies that are specifically tailored to meet client's objectives, while still maintaining the desired architectural vision.

‘Shep’ DS Sheppard | Associate Director of Inclusion, Diversity, Equity, Accessibility and Anti-Racism at EQBank/Equitable Bank

‘Shep’ DS Sheppard (they/them) is the Associate Director of Inclusion, Diversity, Equity, Accessibility and Anti-Racism at EQBank/Equitable Bank. They love long walks on the beach, cheering on the Canadian Women’s Soccer Team, and helping people move jussssst slightly out of their comfort zones.

MODERATOR:

Rodney McDonald | Senior Vice President and Centra Region Lead, JLL Canada, Project & Development Services (PDS).

Rodney McDonald is Senior Vice President and Central Region Lead at JLL Canada, Project & Development Services (PDS). He has over 28 years of experience across private, public and non-profit sectors. In the past 12 years, Rodney has been involved with all facets of the owner’s representative project management services business.

Prior to his work in project management services, Rodney worked for a national Indigenous-directed environmental non-profit charitable organization, where he partnered closely with Indigenous communities and other organizations to tackle environmental challenges. Further in his career, Rodney led significant regulatory initiatives resulting in the creation of the 2011 National Energy Code of Canada.

Rodney is the President Elect of the CoreNet Global Canadian Chapter.
